## Home Page

CD HotList is a monthly review and recommendation resource, designed for public libraries. The CD HotList review service is available on the CD HotList website ([cdhotlist.btol.com](http://cdhotlist.btol.com)), without registration. CD HotList information is also available on;

- Title Source II, in the "Reviews" area of applicable titles reviewed by CD HotList, and
- Title Source II, B&T Link Online, and School Select, as E-Lists for each issue of CD HotList.

The screenshot shows the CD HotList website home page. At the top, there is a header with a CD icon and the text "CD HotList: New Releases for Libraries" and "Exclusively from Baker & Taylor". Below the header, there are two main columns. The left column contains "About CD HotList" with links for "Who We Are" and "FAQ", and "Archives" with links for "2004 issues", "2003 issues", "2002 issues", and "2001 issues". The right column contains a list of months from "June 2004" down to "November 2001". At the bottom left, there is a logo for "BAKER & TAYLOR Information and Entertainment Services".

Callout boxes provide the following information:

- Top Header:** Click on the CD HotList header to return to the home page from anywhere in the website.
- Archives:** When selecting an Archive issue, the list of issues in this area will be updated automatically.
- Month List:** Click on any month for a list of reviewed titles in 5 Categories:
  - **Classical**
  - **Country/Folk**
  - **Jazz**
  - **Rock/Pop**
  - **World/Ethnic**
- Month List (Bottom):** The list of issues appearing on the home page are the currently available issues.

## Issue Page

Each monthly issue includes information for individual titles in 5 categories. This information is provided independent of the information found in Title Source II, B&T Link Online, and School Select. However, individual reviews (in the “Comments” section) are available on each of these websites. Each section of information can be found by simply scrolling down the page.

**Period:** Romantic  
**Genre:** Classical  
**Release type:** New  
**Comments:** This is the first time Berlioz' song cycle (intended for tenor or mezzo-soprano) has been recorded by a countertenor, and Daniels makes a powerful argument for this unusual approach. The program also includes songs by Faure and Ravel. Highly recommended. (RA)

## “Buy Now” Window

The Buy Now window appears after a user clicks on the “Buy Now” button for each title. Remember, for any user to place an order with Baker & Taylor they MUST first tell us which website they would like to order from AND then enter the appropriate Username and Password for that website. [Note: for Title Source II, the login defaults to the TSII “E” Server.]

The screenshot shows the CD HotList website interface. A 'Buy Now' window is overlaid on top of a product listing. The product listing is for 'Les Nuits D'Ete' by Hector Berlioz / Maurice Ravel / Ga. The 'Buy Now' window prompts the user to select a website (Title Source II, B&T Link Online, or School Select) and enter their username and password. A 'Submit' button is visible in the window. A yellow callout box on the left explains that the 'Buy Now' window appears after clicking the button. Another yellow callout box on the right explains that the user must select an ordering website and enter the matching username and password.

After clicking on the “Buy Now” button, a new Buy Now login window will appear on the page.

In order to purchase a title from Baker & Taylor, the user must select an ordering website AND enter the matching Username and Password.

## Product Details Window

Individual product information, from the website that the user logged into, will be displayed in the “Buy Now” window. A user is only registered to login one time during a CD HotList session. Although the window may “disappear” from view while scrolling through the CD HotList issues, the product details will appear in the Buy Now window after clicking on the “Buy Now” button of other titles.

Once the user has logged-in from the Buy Now window, the detailed information for the selected title will appear in the same window.

Once the login has been successfully completed, the user has opened *Title Source II*, *B&T Link Online*, or *School Select* for conducting transactions.

The user will need to either use the scroll-bars in the window or increase the size of the window to easily view all of the information.

The user should order the title in the same manner as they would during any session of *Title Source II*, *B&T Link Online*, or *School Select*
